Medical Director **Board Paper No. 09/03**

Healthcare Associated Infection – C-Diff Action Plan

Recommendation:

The NHS Board is asked to note the following papers:

- The latest update on the NHSGGC action plan as discussed at previous Board meetings
- The follow up review report from the Independent Review Team.

INTRODUCTION
The Board have previously reviewed the on-going progress against the recommendations set out in the initial report from the Independent Review Team. One of the key recommendations was that the Review Team undertake a further review 6 months after the initial review. This further review took place during December and January and the attached report was published on 10th February 2009.
