7. Policies 26
**Overview**

The Staff Health Action Plan (HAP), a joint plan between NHS Greater Glasgow & Clyde and Glasgow City Council, was launched in September 2008. The three year plan aims to provide an opportunity to improve the health and wellbeing of employees and their families across Glasgow and the wider area.

The staff health action plan addresses three strategic areas of health in the workplace:
- Physical Activity and Healthy Weight
- Mental Health & Wellbeing
- Alcohol

Both organisations are committed to the Healthy Working Lives Award programme and are currently working towards the Silver level of award. The Silver Healthy Working Lives award requires the organisations to have appropriate workplace alcohol and drugs policies which support both managers and employees.

This alcohol and drugs guidance pack has been developed to help you raise awareness of issues around this topic within your workplace. This pack provides information and sign posting to the necessary literature and support to conduct an information campaign, an interactive event or training to support the policy on alcohol and drugs.

Running an information campaign within your workplace is a great way of raising awareness of issues around alcohol and drugs and also highlighting sources of support. When planning an information campaign this resource pack can be used to identify the literature you may wish to distribute. This pack includes a summary of literature available free of charge from the Public Education Resource Library (PERL), The Scottish Drugs Forum, The Health and Safety Executive, Know the Score and Alcohol Focus Scotland and the Glasgow Council on Alcohol. There are also additional sources of information and support outlined in this pack that can be promoted to employees.

This alcohol and drug guidance pack offers some ideas on how to engage your employees through PlaySafe sessions, mocktail bars and Glasgow GRAND Week. There are also bookable resources available directly from the Health at Work workplace health improvement team for your team to borrow. The pack also details training available to employees and links to KSF and PDP competencies as appropriate and includes information on specialised support.

As part of the maintenance and progression through the Healthy Working Lives (HWL) Award workplaces should ensure that all activities are evaluated and accompanied by relevant information to distribute to employees.

Health at Work can provide you with an alcohol pop up display to enhance your information campaigns. To order please contact your link officer. Visit [www.healthscotland.com](http://www.healthscotland.com) to download a health events calendar to co-ordinate your information and activity campaigns with national campaigns.

Please note that the content of this alcohol and drugs pack is not exhaustive.
Information
Alcohol and Drugs in the Workplace: a simple guide
This guide explains why having an alcohol and drugs policy in the workplace policy is useful; legal duties and obligations; the process of creating a policy; and key elements of a policy. It also contains list of agencies that can provide expert help in developing a policy.

Alcofacts: a guide to sensible drinking
This leaflet explains what you need to know about alcohol, and how, if you choose to, you can drink it sensibly.

Alcohol Unit Calculator How much did you drink?
Disc which can be used to calculate and monitor alcohol consumption and units contained in each drink.

Recognising Problem Drinking
This leaflet targets adults and covers how to spot a problem with alcohol and what you can do about it.

What’s in a drink?
This leaflet targets adults and aims to give the straight facts about alcohol.

Alcohol and Stress
This leaflet targets adults and aims to find out why alcohol can make stress worse and provides information about better ways to cope.

Know the score: drugs - take control - make the call
Postcard giving Know the score helpline number and website address.

The above resources can be ordered free of charge in small amounts. Details of how to order and a copy of the order form can be found at the web address above.

Staff Intranet Sites
www.staffnet.ggc.scot.nhs.uk
www.connect.glasgow.gov.uk

Information on alcohol and staff initiatives is available on the staff intranet sites via the Your Health pages including an alcohol information leaflet and festive alcohol campaign.
Scottish Drugs Forum
www.sdf.org.uk

Methadone at Work: Guidance for Employers
A guide giving the facts about working whilst on methadone. This guide is designed to help employers make informed choices about recruiting employees on a methadone programme.

Health and Safety Executive
www.hse.gov.uk/pubns/index.htm

Drug Misuse at Work-A Guide for Employers
Guidelines for developing policies to deal with drug related incidents in the workplace.

Don’t Mix it! A Guide for Employers on Alcohol at Work
Booklet designed to help small to medium businesses deal with alcohol related issues at work.

Know the Score
knowthescore.info/materials/

Drug Recognition Guide
A compact directory of information on various substances including facts on symptoms, effects and dangers of substance use.

Pocket Guides
Download or order a pocket guide on various substances. This guide provides information about each substance including addiction levels and how to deal with an emergency.

www.hit.org.uk
You can order copies of the Basic Drug Facts Cards on this website, as well as other educational resources on alcohol and drug issues.

Drug Scope
www.drugscope.org.uk
The Drug Scope website has a drug search section which has a useful guide to drugs, a section for ordering publications and links to news and reviews.

The Drink Aware Trust
www.drinkaware.co.uk
This site provides a wide range of resources in a print friendly format. For example:
Alcohol and breastfeeding
Tips on cutting down
Dink driving and the legal limit
Alcohol Focus Scotland
www.alcohol-focus-scotland.org.uk

Alcohol and Behaviour
Leaflet about the effects alcohol can have on mood and behaviour.

Alcohol and Women
Information leaflet on sensible drinking and specific risks to women.

Drink and the Driver
Details on what the law says about drink – driving and how to keep yourself and others safe.

Alcohol and Drugs Factsheet
This factsheet explores the use of alcohol with drugs.

Glasgow Council on Alcohol
www.thegca.org.uk
Glasgow Council for Alcohol has a number of factsheets and leaflets available and can be ordered direct from GCA above. These include:

Weight for It
Counseling
Group Work
Training
Volunteering
CASS
ACE
Prevention & Education
Activities
**Playsafe in Glasgow**
[www.playsafeinglasgow.com](http://www.playsafeinglasgow.com)

**Alcohol Awareness Sessions for Workplaces**
To help you promote safer drinking amongst your staff, PlaySafe is offering a free workshop for your employees in your workplace. The session will be tailored to suit the needs of your workplace and will include three 15 minute segments. The first two components ‘attitude and culture’ and ‘unit calculation’ are core however your workplace has the option of the third 15 minute segment from the following four choices:

1) Plan your night out and stay safe  
2) Alcohol, the body and health  
3) Alcohol, calories and nutrition  
4) Alcohol and driving  

This allows you to tailor your session to suit the requirements of your workforce.

All workshop participants from your workplace/team will receive information and resources to take away. There is also a free advertising pack to promote this workshop to your employees. For more information on how to access a free PlaySafe session for your team or to request an advertising pack please call the Health at Work team on 0141 314 0024 or email healthatwork@ggc.scot.nhs.uk. Alternatively contact the Glasgow Council on Alcohol on 0141 353 1800.

**Mocktail Bars**

Mocktails are an alcohol free alternative to cocktails and are a great way of demonstrating how non-alcoholic drinks taste great whilst promoting responsible drinking. Mocktails are also an enjoyable alternative to alcoholic drinks when socialising during working hours. Provide taster sessions and distribute mocktail recipes along side awareness raising literature.

For further information on mocktail events please contact the Glasgow Council on Alcohol on 0141 353 1800.
**Glasgow’s GRAND week**

GRAND week takes place in September throughout Glasgow and aims to raise awareness of alcohol and drugs issues and services. It works to involve communities in tackling alcohol and drug issues and also helps build partnerships between communities, services and organisations.

GRAND Week includes a series of locally led activities and events across Glasgow including arts and drama productions, awareness raising events and project open days.

For further information about GRAND week please contact Stephen Birrell, Service Manager (Alcohol, Drugs and Communities), Glasgow Community & Safety Services. Tel 0141 276 7654

[stephen.birrell@drs.glasgow.gov.uk](mailto:stephen.birrell@drs.glasgow.gov.uk) or visit [www.glasgowgrand.org](http://www.glasgowgrand.org)

**Alcohol Awareness Week**

[www.alcoholawarenessweek.com](http://www.alcoholawarenessweek.com)

If you’re running an alcohol awareness campaign in your workplace why not link it in with Alcohol Awareness Week which runs in October each year. Visit the link above to get information and resources to support you’re campaign.

For information on this years campaign and to obtain a resource pack please contact the Health at work team on 0141 314 0024 or email healthatwork@ggc.scot.nhs.uk

**Alcohol Interactive Events**

The Alcohol Prevention & Education teams can provide interactive events at your workplace. The events include interactive banners and quizzes to look at alcohol units, myths and facts around alcohol. To book events please contact the Prevention & Education teams below:

- South West P&E team: Lorraine Thomson 0141 883 8111
- North P&E team: Jim McSorley 0141 558 7744
- West P&E team: Irene Scullion 0141 949 0777
- East P& E team: Gilliam Cardow 0141 556 6631
Health at Work
Bookable Resources
Health at Work has the following alcohol and drugs resources available for workplaces to borrow to promote alcohol awareness and safer drinking.

**What’s in a unit display**
This pack contains display models of common drinks and the unit alcohol content of each. Display both together to educate users on the accurate unit content of popular drinks.

**Spin the Bottle**
This is an interactive game designed to demonstrate the dangers of drinking alcohol. In an informative and entertaining way Spin the Bottle highlights diseases and conditions related to alcohol use as well as the personal and social consequences.

**Beer Goggles**
This pack contains interactive tasks for participants to complete whilst wearing a pair of ‘beer goggles’. This simulates visual impairment when under the influence. The aim of these tasks is to highlight the effects of alcohol on an individual's judgement and to prompt discussion around implications of this.

**Clever Catch Ball**
With an emphasis on drugs and alcohol, this ball is a great way to introduce the difficult topic of substance abuse to students. Includes more than 30 questions about how drugs and alcohol affect the body, relationships, and lifestyle.

**Q&A Cube**
This inflatable cube is a great way to address the consequences of drug abuse. Players roll the cube and use both the word on the inside cube and the substance pictured on the outside cube to start a discussion.

**Remote Control Cars**
This colourful, radio-controlled, 11"-long car is perfect for classroom demonstrations. Participants can try to steer the car through an improvised driving course after setting up the included champagne glass pylons.

**Drugs Box**
If you would like to borrow any of these resources please contact your link advisor or call the Health at Work team on 0141 314 0024.
Training
The Alcohol and Drug Skills for Line Managers is open to any manager in NHS GG&C or Glasgow City Council. The training is tailored to each organisation’s alcohol and drug policy.

The Alcohol Brief Intervention Training is aimed at front line staff employed by CH(C)Ps across Greater Glasgow and Clyde whom work in health and social care with client contact.

The Tier 1 and 2 Alcohol and Drugs One Day Awareness Training is available for front line staff to access whom work within Health, Social Care and Voluntary Organisation settings within the community. This training is aimed to support staff working in a non addictions settings and require a level of knowledge, skills and awareness in relation to alcohol and drugs issues within their day to day role.

the help, support, medication and interventions currently used in detoxification and maintenance programmes.

**Understanding Drug Use:** An overview of models and theories of addiction and dependence.

**Drugs and the Law:** Interactive discussion and exercise on the classifications of individual drugs and current drug laws and legislation.

**Further Training**
Further training is available from the Glasgow Council on Alcohol and may be suitable for training needs identified in PDPs or for specialist roles. These include:
- Weight For It
- DPKY
- Alcohol and Mental Health Parents
- Dug & Alcohol Awareness for Youth Workers
- How Alcohol Affects Families
- New Year New You sessions
- COSCA training level 1-5
Advanced Alcohol awareness
Women and Alcohol
Young People and Alcohol

For further information on any of the training highlighted above please contact the Glasgow Council on Alcohol on 0141 353 1800 or e-mail: email@thegca.org.uk
Self Help & Support
TYPES OF SUPPORT AVAILABLE

Self Help
Some people may prefer to access support online and there are a wide range of websites to help people review their drinking patterns with the aim of cutting down.

Know the Score – get help with drugs problems
The Know the Score Directory contains information on national organisations, drug action teams and local drug services.
0800 587 5879
www.knowthescore.info

Scottish Drugs Services Directory – enter your postcode for local support
www.scottishdrugservices.com

Check My Lifestyle – Health at Work’s lifestyle website
www.checkmylifestyle.com

Down your Drink – an NHS endorsed site to help measure your drinking levels
www.downyourdrink.org.uk

Alternatively telephone helplines can offer one to one support:
Drinkline Scotland
0800 7 314 314

National Drugs Helpline
0800 77 66 00

Glasgow Council on Alcohol
0141 353 1800

Social Work Support
Support to address problems associated with alcohol is offered by social work staff and / or alcohol / addiction projects depending on where you live. The help offered might include assessment of the problems you are experiencing followed by one to one support and counselling, groupwork, home visits and help and advice in a crisis.

Detoxification
People who are dependent on alcohol can experience unpleasant and sometimes dangerous withdrawal symptoms when they stop drinking. Medical assistance can help control these symptoms. Medical help to stop drinking can come from:
- GP’s.
- Community based alcohol teams, usually made up of nurses and other staff who specialise in working with people with alcohol problems.
- Hospital wards with beds set aside specifically for people who need a high level of medical care when they stop drinking.

Residential Rehabilitation
Some people benefit from a period of time in a residential rehabilitation centre. A referral to residential rehabilitation is usually required from Social Work or the Health Service.

Support Groups
The best-known self-help support group in Scotland is Alcoholics Anonymous. Alcoholic’s Anonymous is a fellowship of men and women who feel they have lost their ability to control their drinking and have found themselves in various sorts of trouble as a result of drinking. Their primary purpose is ‘to stay sober and help other alcoholics to achieve sobriety’.

Alcohol & Drugs Policies
**NHS Greater Glasgow and Clyde**
NHS Greater Glasgow and Clyde has recently revised and re-issued the boards Alcohol and Drugs Policy which can be found at: http://www.staffnet.ggc.scot.nhs.uk/Info%20Centre/Health%20and%20Safety/Corporate%20Health%20and%20Safety/Pages/HSC_Policies_KW_230909.aspx

**Glasgow City Council**
Glasgow City Council has an existing policy on alcohol and drugs which can be found in the council’s conditions of service booklet at: http://connect.glasgow.gov.uk/WorkingforUs/ConditionsofService/

A revised alcohol and drugs policy is expected to be issued in late 2010.

The policies may need to be read in conjunction with other organisational policies such as:
- Health and Safety Policy
- Dignity at Work
- Stress Policy
- Attendance Management
- Disciplinary policy and procedures
- Violence at Work
