**EXTERNAL AUDIT
ANNUAL REPORT TO BOARD MEMBERS**

Recommendation:

Members are asked to consider the Annual Report to Board Members for 2002/2003 by the Board's external auditors, PricewaterhouseCoopers.

Background

The Annual Report to Board Members is issued as an element of the statutory audit of the Board's Statement of Accounts for 2002/2003 and is primarily designed to direct Board Members' attention to matters of significance that have arisen out of the 2002/2003 audit process.

The report was considered in draft form by the Audit Committee on 1 July 2003.
