**Noted**

**43. Draft Directors' Report and Annual Accounts 2012/13**

The Director of Finance presented a paper asking Members to consider the draft Statement of Accounts in respect of NHS Greater Glasgow and Clyde for the year ended 31 March 2013.

The Director of Finance confirmed that the Board had achieved its three financial targets: the Revenue Resource Limit, the Capital Resource Limit and the Cash Requirement. He also described for members the material changes that had been made in the Directors' Report subsequent to the previous meeting.

There followed some discussion on the revised format of the HEAT target report and it was agreed that some further minor changes be made.

The Director of Finance outlined the key aspects of the financial section of accounts for members; he answered members' questions on a number of areas, in particular, core and non-core expenditure, impairment, capital commitments and equal pay claims.

Mr Finnie pointed out that with regard to the paragraph on "disclosure of information to auditors", there should be specific mention that "each" member gives undertakings referred to; it was agreed that this should be changed in the final accounts.

**Decided**

**Director of  
Finance**

Subject to changes agreed,

1. that the Statement of Accounts be adopted by the NHS Board;
2. that the Chief Executive sign the Directors' Report and Remuneration Report;

5. that the Chief Executive and Director of Finance sign the Balance Sheet;
6. that the Statement of Accounts be submitted to the Scottish Government Health Directorates.

**44. Audit Scotland: Report to those charged with governance on the 2012/13 audit**

Ms Woolman presented the Audit Scotland report highlighting for members matters arising from the audit of the Statement of Accounts 2012/13.

Ms Woolman described for members the significant matters arising in her report; she advised that Audit Scotland's work had identified no material weaknesses in the Board's accounting and internal control systems, and that an unqualified audit opinion would be issued (subject to a final review).

Ms Woolman also highlighted that they identified an over accrual of expenditure which was as yet unspent and uncommitted, and that while management considered this not to be material, Audit Scotland had included this as an unadjusted error in this report.

The Director of Finance noted that the funding received was in respect of money for cancer services and a decision had been taken to retain the funds for expenditure during 2013/14.

Members discussed the points raised in the report. In relation to impairments, there was discussion about the process for moving out of the old sites following completion of the South Glasgow Hospital,

Mr Lee enquired about the increase in accruals in respect of maternity pay; Ms Woolman informed members that there had been clarification of guidance to national terms and conditions that entitled employees to pay/time in lieu in respect of public holidays not taken whilst they were on maternity leave.

Dr Kapasi enquired about the financial stability of the Board, and the Director of Finance reassured members that robust financial plans, including savings plans, were in place.

Ms Woolman outlined the letter of representation that the Chief Executive would be signing along with the annual accounts.

Mr Winter thanked Ms Woolman and the Audit Scotland team for their work throughout the year.

**Decided**

That the Chief Executive be authorised to sign the Letter of Representation.

**45. Date of Next Meeting**
