

West of Scotland Regional Heart and Lung Centre

Opening 2007

In 2007, the Golden Jubilee National Hospital in Clydebank will be home to the West of Scotland Regional Heart and Lung Centre.

We will provide the following services at the new regional centre:

- All adult cardiac and thoracic surgery currently carried out at Glasgow Royal and Western Infirmaries.
- All adult thoracic surgery currently carried out at Hairmyres hospital.
- Grown-up congenital heart surgery (heart operations in adults who have had a childhood heart problem).
- Most interventional cardiology services.
- Aspects of the advanced heart failure service will also transfer from Glasgow Royal Infirmary as well as the heart transplant unit.

Benefits for patients

- An integrated heart and lung centre where you can access a wide range of specialist services.
- Excellent accommodation and environment in a modern, purpose built facility.
- Equal access for all patients in the West of Scotland.
- Access to the adjoining Beardmore Hotel and Conference Centre to ensure relatives and/or carers are close to you during your stay in hospital.*

* available to patients travelling from a distance to the Golden Jubilee National Hospital in Clydebank.
