These days, people do survive lung cancer. Especially when it’s found early. But even if it can’t be cured, there’s a lot that can be done to treat your cough or help you breathe easier. If you have a cough which won’t go away, or your cough changes and you’re worried about it, see your GP as soon as you can.

DON’T GET SCARED, GET CHECKED.

“FIND LUNG CANCER EARLY AND YOU COULD GET SOME EXTRA TIME.”

These days, lung cancer doesn’t have to be a death sentence. Especially when it’s found early. But even if it can’t be cured, there’s a lot that can be done to treat your cough or help you breathe easier. If you have a cough which won’t go away, or your cough changes and you’re worried about it, see your GP as soon as you can.
