Our Proposal

From Drumchapel Hospital:

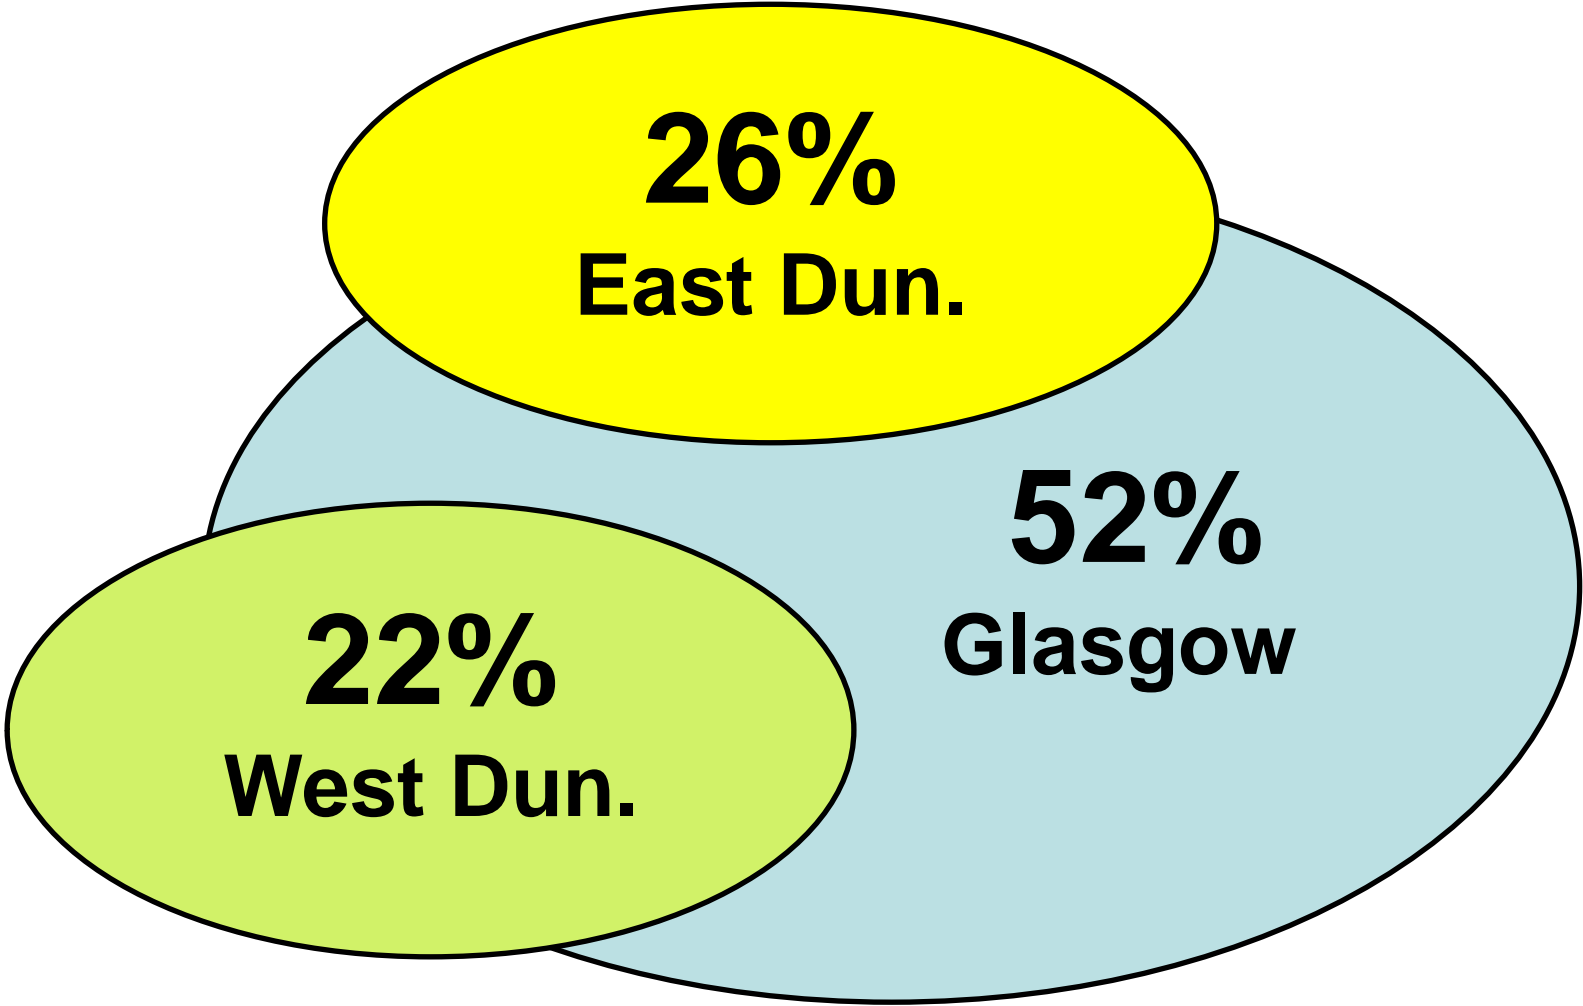

- Transfer two rehabilitation wards, day hospital and outpatient services to Gartnavel General Hospital
- Reproviding NHS continuing care to other suitable locations across North and West Glasgow.

Who Might be affected

Drumchapel Postcodes

Who Might be affected

The Benefits

Will be achieved through:

- Better access to doctors and specialists with expertise in caring for older people
- Bringing patients closer to investigations like x-rays and scans
- Reducing number of transfers across sites for investigation or emergency
- Improving patient stay in fully refurbished and modernised hospital facilities

Gartnavel General Hospital

Already planned to undergo extensive refurbishment plus:

Drumchapel:

- Visiting consultant
- Daytime/weekday medical cover
- Plain film x-ray

Gartnavel:

- Consultant onsite and full range of clinical staff
- 24/7 medical care
- MRI and CT scans
- Pharmacy
- Orthotics

Refurbished Wards

Completely refurbished area to include:

- 2 Wards with
 - Single and 3 bedded areas
 - Ensuite wet rooms
- Directly adjacent
 - Day hospital
 - Physiotherapy gym
 - Activity of daily living suite

The Benefits

NHSGGC believe this move will:

- Provide better care and more effective rehabilitation of elderly patients
- Enable patients to return as quickly as possible to their home and community
- Improve patient experience

Issues raised in engagement

- Concerns about social care services
- Transport and access
- Out of hours service
- Quality of accommodation
- GGH Parking
- Activities for patients
- Future of building
