## Introduction

This issue of Core Brief provides information on the West Glasgow Ambulatory Care Hospital.

---

### West Glasgow Ambulatory Care Hospital

The Minor Injuries Unit and outpatient department for West Glasgow is moving from the Western Infirmary to the former children's hospital site at Yorkhill.

The West Glasgow Ambulatory Care Hospital at Yorkhill will see the Minor Injuries Unit start treating patients at 9.00am on Friday 4 December while a range of other local hospital services will open on Monday 7 December.

Local services which will be provided on the site include:

- Minor Injuries Unit
- West Maternity Care Centre
- A range of outpatient services
- Physiotherapy and Therapy Centre
- Respiratory
- X-ray and Imaging

An information leaflet detailing these changes will be delivered to all households affected during the week beginning 30 November 2015. [Click here to read the full release.](#)
