Occupational Health Physiotherapy Service

Staff Self Referral

NHS Greater Glasgow & Clyde staff can refer themselves to the Occupational Health Physiotherapy Service using the self-referral form.

Priority will be given to staff members who:

- Are absent from work due to a musculoskeletal problem
- Have a musculoskeletal injury following an accident at work
- Are at risk of going off work due to a musculoskeletal problem.

The Referral form can be found on the HRConnect site and should be returned by:

- Emailing the form back to Occupational Health at OccHealth@ggc.scot.nhs.uk
- Delivering in person to the Occupational Health Department at the address below.
- Posting to the Occupational Health Department at the address below.

Occupational Health Service
6th Floor
West Glasgow ACH
Dalnair Street
Glasgow
G3 8SJ

- Please fill in all fields on the first page, an incomplete form will not be processed & will be sent back to you for completion
- Completed forms will be processed and assessed to ensure they meet occupational health criteria.
- Referrals not meeting occupational health criteria will either be placed on hold or referred to the nearest local department (to staff member's home address).
- Staff members will receive a letter of appointment or notification of what action has been taken with their referral.

If eligible you will be offered an appointment within the Occupational Health Department on the 6th floor of the West Glasgow ACH or at a satellite clinic.

Please note these Satellite Clinics are as follows:

- Queen Elizabeth University Hospital – Monday & Friday
- Glasgow Royal Infirmary – Monday and Thursday
- Inverclyde Royal Hospital – Tuesday
- Royal Alexandria Hospital – Thursday

Please visit the Occupational Health Physiotherapy site through HR Connect for self management advice on common musculoskeletal problems.
