

Our Proposal

We are proposing to improve the way we provide rehabilitation services for older people in the North East of Glasgow and East Dunbartonshire.

- This would see the transfer of the services currently provided at Lightburn Hospital to other sites in the North East of Glasgow
- If the services are transferred it will result in the closure of the Lightburn Hospital site.

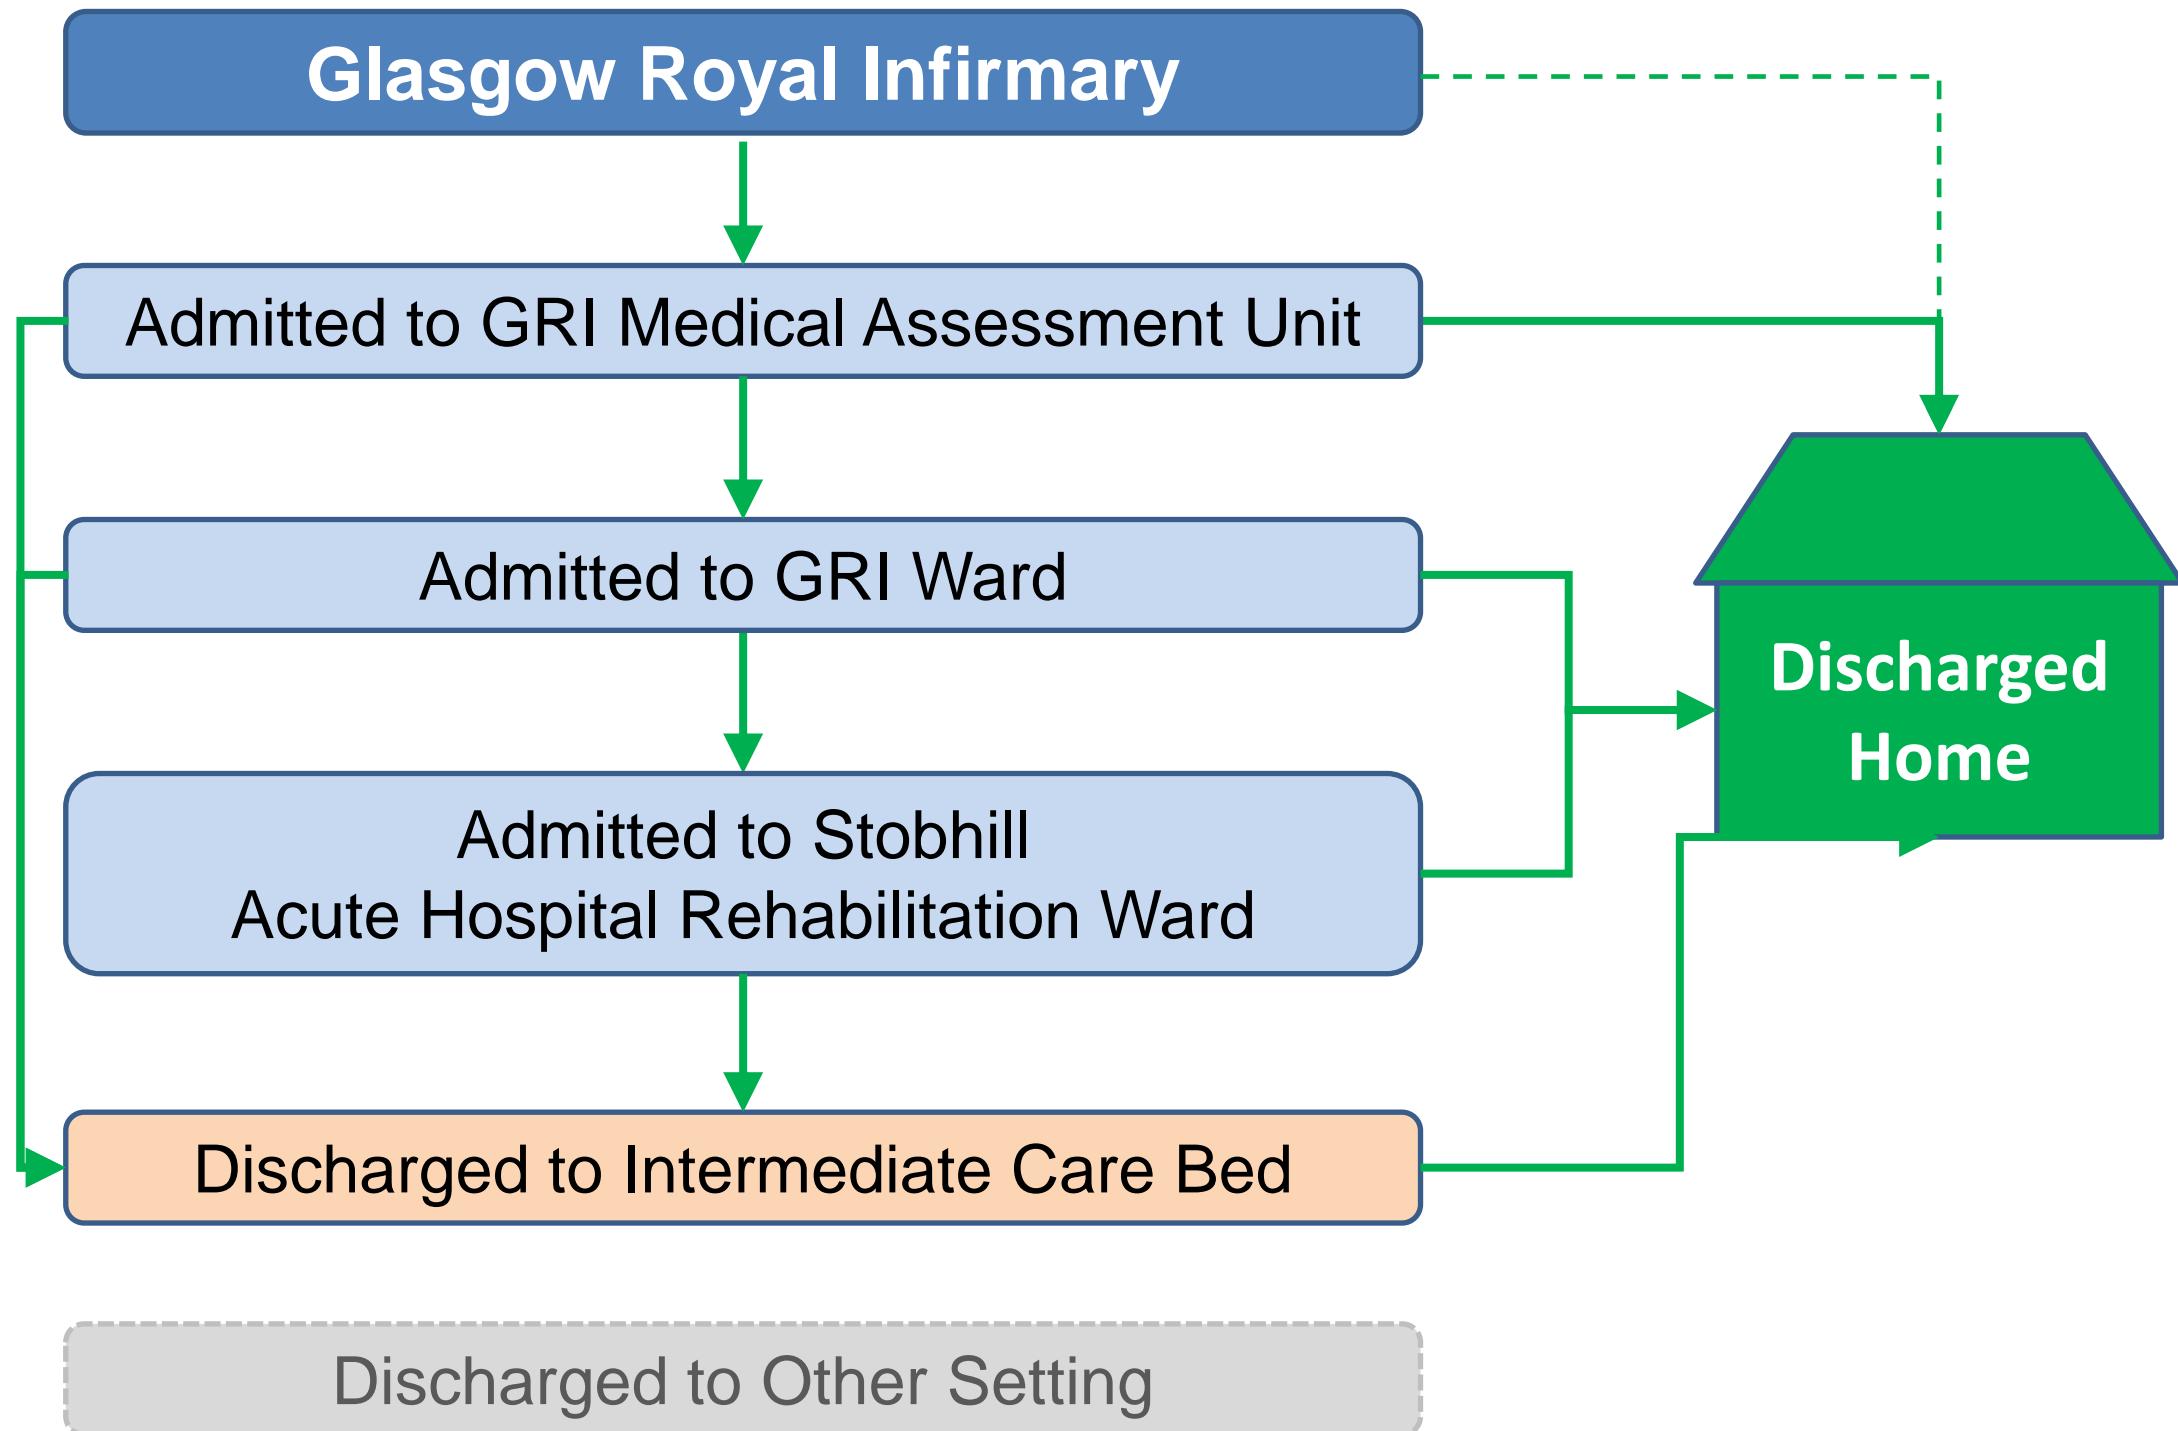

Where will services be located?

- Acute hospital rehabilitation beds provided in Stobhill Hospital
- Community rehabilitation beds in local care homes
- Day hospital services combined at Stobhill Hospital
- Outpatients clinics to either Glasgow Royal Infirmary or Stobhill Hospital
- Alternative local meeting space for the Parkinson's support group

Why are we proposing this?

- We are proposing these changes to:
 - Locate acute services in our full acute hospitals with onsite access to a full range of investigations, services and specialists
 - Provide locally accessible inpatient community rehabilitation
 - Provide more rehabilitation in people's homes
- Our proposals have been developed with the consultants, nurses and allied health professionals delivering the current services.

Proposed New Pathway

Tell us what you think about our proposal

- You can speak to any member of staff here tonight who will be happy to answer questions and record your feedback
- You can leave feedback on our 'Graffiti Wall'
- Comments and feedback on all aspects of our proposal are welcome and people can also call, email or write to us until 08 May 2017 using the details in the leaflet

Public Consultation

- Consult with stakeholders until 08 May 2017
- Comments and feedback on all aspects of our proposal are welcome by :
 - Calling, emailing or writing to us
 - Speaking to us in person at outreach events or via requests to speak to groups or organisations
- All feedback is recorded and collated in a report
- At the end of the consultation period the report will be presented to the Board of NHSGGC who will make a decision on this proposal which will then be submitted to the Scottish Government

How we have encouraged feedback on our proposal

- Sent multiple letters to community / voluntary groups and organisations
- Offered to and are presenting / hearing feedback from community / voluntary groups and organisations
- Posters and leaflets are in all our older adult wards in GRI, Lightburn and Stobhill
- Posters and leaflets sent to GP practices, pharmacies, libraries and community venues across the catchment area
- Information displayed on display screens in all health centres in North East Glasgow
- NHSGGC social media accounts with daily updates
- Issued 3 press releases and placed two adverts in the Evening Times newspaper
