Introduction

This issue brings you all the news from last night's celebrating success event.

A celebration of all that is great about NHSGGC

Last night almost 400 staff from across NHSGGC gathered to celebrate the achievements of colleagues as we announced this year's Chairman's Award winners and our Local Staff Awards overall award winners at the Radisson Blu Hotel in Glasgow.

For the second year running the event also presented the William Cullen prizes for Innovation and for Teaching, in conjunction with the Royal College of Physicians of Edinburgh.

This year the Chairman's overall winner of the Special Judges Award of Excellence went to the staff in Ward 18 and 19 at Glasgow Royal Infirmary.

The staff were nominated for their unwavering care of a patient whose family thought the team went above and beyond to make their father's remaining time as comfortable as possible.

Today, the Evening Times is running a two page spread showcasing the Chairman's overall winner and his gold winners.

If you would like a copy of the commemorative Herald handed out to staff last night simply pop into reception at JB Russell House to pick up a copy.
