

# Core brief

Tuesday, 28 November 2017

## Introduction

This issue brings you information on flu and another award!

---

## Flu and you!

Well done to the 32 per cent of our staff who have taken the plunge and had their FREE flu vaccination. But we still have a long way to go to meet our 50 per cent target.

We are already seeing the first signs of the flu with instances in the community and with some staff affected already.

68 per cent of you haven't yet had your jab - so lets all protect our families, friends and most importantly our patients by getting the jab NOW!

You can get the vaccination by peer immunisation or at an appointment with occupational health. [Click here to find out more.](#)

## Consultant nurse receives inaugural award for contribution to Advanced Nurse Practice

A Glasgow Royal Infirmary consultant nurse has become one of only three in the country to be honoured for his work in driving up nursing standards across Scotland.

Dr Mark Cooper, Consultant Nurse - Advanced Practice, received the a 'Special Recognition to Advanced Practice' award from Acute Care Advance Practice (ACAP) Scotland. [Click here to read more.](#)
