#### How to make your kit

1. Print this document (we recommend using 180—200 gsm matt card)
2. Cut out each individual card using the grey lines as a guide.

#### Tips

- For greater durability you may consider laminating each individual card.
- For greater permanency, you may consider placing a Velcro “button” on the back of each card and a Velcro strip on the surface where you want the cards to be displayed.

#### How to use this kit

For suggestions on how to use these visuals, you can download an instruction booklet from our website.

#### Copyright and allowable uses

This product is supplied free of charge. You may print, use and distribute as many hard copies of this product as you wish. You may also store, copy and distribute as many electronic copies of this product as you wish. We encourage you to email this PDF file as often as you like to as many people as you think may benefit from it.

However, you may **not** sell this product or any of it's content. All the images are protected under international copyright and remain the property of Visual Aids for Learning.
