Message from Jane Grant, chief executive

As the weekend approaches, I just wanted to extend my heartfelt thanks to you all for your tremendous efforts over the last few days in what have been very challenging circumstances.

It never ceases to amaze me just how dedicated the NHSGGC staff team is and how committed you all are to the most important part of the job - looking after our patients.

You will see in the media today that your efforts have not gone unnoticed.

There has been a real team effort and it's not just nurses and doctors who have gone the extra mile. I really appreciate the determination and dedication shown by our entire team including all clinical, non-clinical and managerial staff within the Acute Division, Health and Social Care Partnerships and Corporate Departments. It would be impossible to name everybody but you all know you have done an amazing job and I, and the public, appreciate your efforts very much.
