

# Core brief

Wednesday, 23 May 2018

## Introduction

In this issue we remind staff to get their entries into the Chairman's Awards, we talk about HIV awareness and provide clinical portal dates update.

---

## CHAIRMAN'S AWARDS

If you want to get your hands on a special Platinum Chairman's Award, then you need to get your entries in!

As part of our 70th anniversary celebrations, the Chairman's Awards will this year get a special one-off platinum rebranding. This will be your only chance to win one of these unique awards.

We are looking for NHSGGC staff, patients and visitors to nominate their NHS hero.

A graphic with a pink background. The word "HIV" is written in large, bold, black letters. To its right, the phrase "I am positive." is written in smaller, bold, black letters.

Thanks to advances in treatment, people living with HIV are living a very different, longer life from those some years ago.

However, like everyone else, people with HIV may need to attend a range of health services for problems that are not HIV-related.

Therefore it is important all NHSGGC staff know some current basics about HIV, what it is, how it is transmitted, how HIV is treated and how to protect yourselves and your patients.
