

# EU Nationality Survey

---

It is expected that the UK will withdraw from the European Union (EU) in March 2019, commonly referred to as Brexit. NHS Scotland greatly values the contribution of every member of staff, regardless of nationality, but has also acknowledged the vital contribution to the NHS made by staff from the EU. If you are from an EU country, NHS (Board) understands that you may be worried about the impact of Brexit on you and your family. In order to make sure that we are able to provide information and support to you over the coming months, we would be grateful if you would complete the survey below.
