

# Performance at a Glance: 2017-18 Local Delivery Plan Standards

As at March 2018, our performance against the 2017-18 Local Delivery Plan Standards was as follows:

<p>✓ 89.3% of our patients were treated within <b>18 weeks of Referral To Treatment</b> against a target of 90%.</p>	<p>✗ The number of <b>MRSA/MSSA Bacteraemia</b> cases was above target.</p>
<p>✓ We continued to exceed the 90% <b>drug and alcohol waiting times</b> target with 94.5% of patients referred to treatment seen within three weeks.</p>	<p>✗ 81.3% of patients referred urgently with a suspicion of cancer began treatment within <b>62 days of receipt of referral</b> below the target of 95% and 92.7% of our patients diagnosed with cancer <b>began treatment within 31 days</b> against a target of 95%.</p>
<p>✓ We achieved the <b>C Difficile Infections</b> reduction target during 2017-18.</p>	<p>✗ Performance in relation to <b>accident and emergency four hour wait</b> remained challenging reporting 86.7% of patients waiting four hours or less at March 2018.</p>
<p>✓ 88.7% of patients who started their treatment in the <b>Child and Adolescent Mental Health Services</b> started treatment within 18 weeks of referral against a target of 90%.</p>	<p>✗ 74.5% of our <b>new outpatients</b> seen had been waiting 12 weeks or less following first referral below the target of 90%.</p>
<p>✓ 91.9% of patients referred for a <b>psychological therapy</b> started treatment within 18 weeks of referral.</p>	<p>✗ 78.7% of eligible inpatients/day cases were seen within the 12 week <b>Treatment Time Guarantee</b> below the target of 90%.</p>
<p>✓ We delivered a total of 14,957 <b>alcohol brief interventions</b> against the planned number of 13,086 interventions.</p>	<p>✗ Our <b>rate of sickness absence</b> across NHSGGC was 5.51% for the year ending March 2018, above the 4% target and marginally above NHSScotland's position of 5.39%.</p>
<p>✓ We remained in <b>financial balance</b> and met the <b>cash efficiency</b> target whilst at the same time delivering on a range of major service developments and improvements.</p>	
<p>✓ 100% of <b>eligible patients were screened for IVF treatment within 12 months</b> exceeding the target of 90%.</p>	
<p>✓ There were a total of 2,017 <b>successful smoking quits</b> at three months post quit from our 40% most deprived areas exceeding our annual target of 2,005.</p>
