## EXCELLENCE IN CARE

Assuring and Improving  
Nursing and Midwifery  
Care in Scotland

# Leadership, Effectiveness and Development LEaD Programme

# Leadership, Effectiveness and Development LEaD Programme

Programme aim and objectives are in line with current national and local policy drivers

- Supporting leadership within clinical environments
- Reflecting on current leadership style and how this influences the wider team
- Empower leaders to change cultures and improve outcomes for patients
- Delivering safe, effective and patient centred care
- Constructive feedback as a management tool to enhance wellbeing
- Promoting transparency and sharing of good practice through quality assurance.

# Leadership, Effectiveness and Development LEaD Programme
