## Introduction

This issue of Core Brief brings you a message of thanks from the Chief Executive, Jane Grant.

---

## Message from Chief Executive

Earlier this week our Women's and Children's Services and Estates teams were tested when the main power supply to the Princess Royal Maternity Hospital was disrupted. The teams involved responded rapidly and professionally ensuring disruption to patient care was kept to a minimum and that patient safety was maintained throughout. Mains power has now been fully restored and I want to thank everyone involved for their tremendous response.

I also want to acknowledge the actions of staff at the Queen Elizabeth University Hospital who were also faced with a difficult situation when a fire broke out in one of the bathrooms. Again, swift and appropriate action meant that the situation was quickly contained and I am grateful to those involved.
