

Core brief

05 July 2019

Introduction

This issue updates staff on fire safety and brings you the latest NHSGGC news: Improving sleep within critical care, dementia patients encouraged to Ask for Help and a New counselling service for deaf people.

Fire safety

All staff are reminded that the reviewed Fire Safety Policy was launched on 1 April 2019 and they should familiarise themselves with the policy and what the changes in the policy mean to their training requirements.

From 1 April 2019 all staff are now required to undertake the fire safety training LearnPro module annually.

The module can be found on LearnPro, course code: GGC001 fire safety training.

If you have any queries regarding this please contact FireSafety@ggc.scot.nhs.uk

Latest NHSGGC news update

Improving sleep within critical care

An initiative to improve the quality and depth of sleep for patients in the surgical high dependency unit at Glasgow Royal Infirmary has seen remarkable outcomes since its introduction last year. [Click here to read more.](#)

Dementia patients encouraged to Ask for Help

Ask for Help is a scheme designed to be inclusive and person centred by providing extra help to patients with dementia as well as their relatives or carers. [Click here to read more.](#)

New counselling service for deaf people

The project has been introduced in response to consultation with deaf people who have experienced mental health care. [Click here to read more.](#)
