Would you like help to manage your money better?

Is money a worry for you?

Sometimes our circumstances change; maybe because of ill health, family job loss, disability, looking after someone, relationship breakdown or a bereavement. At such times money can become a worry for any of us.

NHSGGC works in partnership with money advice services which are based in local communities. A money advice service can offer free, confidential and quality assured services including:

- Help with budgeting
- Help with completion of benefit forms – have you checked if you are entitled to anything?
- Help with managing debt
- Help with high gas and electricity tariffs and fuel arrears

Information on local money advice services in your area can be found at <http://infodir.nhsggc.org.uk/> or through the NHSGGC Support & Information Service <http://nhsggc.org.uk/sis>
