Community Assessment Centres update

The reduction in community transmission of COVID-19 across Greater Glasgow and Clyde has resulted in fewer attendances recently at our Community Assessment Centres. Currently all seven centres are seeing activity levels below their current capacity; Eastwood Community Assessment Centre has only had one attendance each day this week. Based on this reducing demand, the Strategic Executive Group has therefore agreed this week on the closure of two of the centres, Eastwood and Kirkintilloch, and patients from these areas will be directed instead to one of the closest remaining centres. Patient transport is available for any patient who needs travel assistance. This change in arrangements will take effect from today (Saturday 6th June). If demand requires it, then both centres can be re-mobilised quickly.

Please keep up-to-date with the latest guidance on our dedicated web pages at: www.nhsggc.org.uk/covid19. If you have any questions about the current situation please check the [FAQs](#) first. If you have any further questions, please email: staff.covid19@ggc.scot.nhs.uk

Staff are reminded to make sure their [personal contact details are up to date on eESS](#).
