TOP TIP: Once in the Excel Spreadsheet all sites will appear on the tab at the bottom. Click the relevant tab for the site you want to search. Then press **Ctrl F** to open up a “find” box. Type the drug you wish to find in the text box and select “**Find Next**” to see what wards stock the drug. Keep clicking on “**Find Next**” to see all of the different wards that keep the drug you have searched for.

The Medicine Transfer Record Book MUST be used when borrowing stock from another ward
